

Please note: Some projects listed are already under construction, while work is anticipated to begin on others this fall. Completion dates vary. Construction and maintenance projects may occur on other roadways throughout the area. Many projects will include lane closures and delays can be expected during the duration of a project.

Why Is Work Zone Safety Important To You?

Each of those orange dots represents transportation improvements on the Southeast Missouri roadways you drive daily. That's something to be happy about.

However, road work can sometimes be annoying (think traffic delays), it's still important to remember those slower speeds are there for a reason ... someone's mom or dad is just trying to earn a living. Help us help them get home safely to their families.

It may also interest you to know that the majority of injuries and fatalities in work zones are drivers and their passengers. Make sure you reach your destination safely by buckling up, slowing down and obeying speed limits.

And if that doesn't convince you, perhaps the Missouri State Highway Patrol will. MoDOT is working with the Patrol to make sure our work zones stay safe.

Remember drivers face a \$250 fine for passing in an active work zone and a \$250 fine for speeding in an active work zone.

Work Zone Safety Tips

Be patient. Plan extra time into your trip.

Be ready. Pay attention to traffic conditions beyond, beside and behind you.

Merge as soon as possible to improve traffic flow for everyone.

Obey posted speed limits.

Always buckle up.

Never leave home without us. Use modot.org/southeast to sign up for e-updates--e-mails sent directly to you alerting you of roadwork in the counties or on the corridors that you choose. You can also call 1-888-ASK-MODOT (888-275-6636) to learn the location of work zones.

**2006 Southeast Missouri
Construction Map**

2006 Construction Projects On Southeast Missouri Roads

Ste. Genevieve, Perry & Cape Girardeau Counties

- 1 I-55**
Diamond grind pavement and resurface shoulders on both the northbound and southbound lanes from the Jefferson County line to the Fruitland interchange at Exit 105 (60 miles)

Cape Girardeau County

- 2 I-55**
Construct East Main Street/LaSalle Avenue/I-55 Interchange 2.4 miles north of Route 34 & 61 interchange
- 3 Route D**
Signalization of the Route D and Farmington Road intersection in Jackson 0.6 mile west of the Route D/Route 61 intersection

- 4 Route 34**
Widen and resurface existing route, signals, curb, gutter and storm sewer from 2.2 miles to 1 mile west of Route 25 in Jackson (1.2 miles)

- 5 Route 61**
Diamond grind pavement and resurface shoulders from Routes 61/25/34 intersection in Jackson to South Kingshighway exit ramp with I-55 in Cape Girardeau (11.3 miles)

- 6 Route K**
Diamond grind and resurface pavement and resurface shoulders from Route 25 in Gordonville to Route 61 (Kingshighway) in Cape Girardeau (6.6 miles)

Cape Girardeau & Scott Counties

- 7 I-55**
Resurface pavement and shoulders on both northbound and southbound lanes from the Fruitland interchange at Exit 105 to the Scott City interchange at Exit 89 (16 miles)

Scott County

- 8 Outer Road**
Outer road improvements and new bridge over Ramsey Creek to connect Scott City to Route AB

- 9 Route K (Main Street)**
Resurface pavement and shoulders from 0.2 mile west of I-55 to Route N in Scott City (2.6 miles)

- 10 Route 62 (Malone St.)**
Resurface from Route 61/114 intersection to I-55 interchange in Sikeston (3 miles)

- 11 I-57**
Replace both the northbound and southbound I-57 bridges over North Cut Ditch, located a half-mile east of I-55

Scott & Mississippi Counties

- 12 I-57**
Diamond grind pavement and seal shoulders, resurface pavement and shoulders on both northbound and southbound lanes from just west of I-55 to the Illinois state line

Mississippi County

- 13 Route 80**
Bridge replacement, located a half-mile west of Route 77

Scott & New Madrid Counties

- 14 I-55**
Diamond grind pavement and seal shoulders on both the northbound and southbound lanes from the Scott City interchange at Exit 89 to Route 62 at New Madrid at Exit 49 (40 miles)

New Madrid County

- 15 Route 80**
Grading, paving, replace bridge over St. Johns Ditch, located a half-mile east of I-55 east of Matthews

- 16 Route U**
Paving, construction of additional entrance and drainage structure in Lilbourn

- 17 Route ZZ**
Replace bridge over Drainage Ditch 55, located 7.5 miles west of Route 61 northwest of Portageville

- 18 Route VV**
Bridge rehab over Drainage Ditches 3 and 4, 1.5 miles east of Route 153 near Gideon

Pemiscot County

- 19 I-55**
Diamond grind pavement and resurface and seal shoulders on the southbound lanes from nearly two miles north of Route 84 at Hayti to the Arkansas state line and diamond grind pavement and resurface shoulders on the northbound lanes from two miles north of the Route A interchange (Exit 27) near Wardell to the Arkansas state line (49 miles)

Dunklin County

- 20 Route 412**
Grading and paving to add lanes for a four-lane divided highway from 0.4 mile west of Route Z near Kennett to the Pemiscot County line (4 miles)

- 21 Route 412**
Resurfacing from where the new four lane ends to the Route 412 South intersection with Route 84

- 22 Route P**
Grading, paving and replace bridge over Pole Cat Drainage Ditch 0.3 mile west of Route 412 at Senath

Stoddard County

- 23 Route 25**
New overpass at Route 25/60 interchange at Dexter

- 24 Business 60**
Resurface from Route AD to Route 25 in Dexter (2.8 miles)

- 25 Route 60**
Grading and drainage for diamond interchange at Route 60/51 at Fisk

Butler County

- 26 Business 60**
Resurface from Bus. Route 67 to Palmer Slough near Poplar Bluff (1.9 miles)

- 27 Business 67**
Resurface from Route 60 interchange south to Route M interchange in Poplar Bluff (7.6 miles)

- 28 Route 67**
Construct additional lanes and bridges to provide divided pavement from Route O south to the current four-lane divided section of Route 67 north of Poplar Bluff (4 miles)

- 29 Route 67**
Construct new bridges for four lane addition at the Union Pacific Railroad and Black River

Wayne County

- 30 Route V**
Resurface from Route 34 to Route A (miles)

- 31 Route 143**
Erosion control work for embankment six miles north of Route 34 in Sam A. Baker State Park

Bollinger County

- 32 Route 72**
Partial relocation on new alignment and intersection improvements at Routes 72/51 (Patton Junction) from 0.9 mile west of Route 51 to Route 51

Madison County

- 33 Route 72**
Widen and resurface with paved shoulders from Route OO to 0.9 mile west of Castor River near Fredericktown (0.5 mile)

- 34 Route 72**
Relocation and new bridge over Castor River 0.9 mile west of Castor River to 0.4 mile east of Castor River near Fredericktown (0.5 mile)

St. Francois & Madison Counties

- 35 Route OO**
Resurface from Route 32 in Farmington to Route 72 in Fredericktown (17.3 miles)

St. Francois County

- 36 Route 67**
Construction of northbound access ramp at Maple Street interchange, immediately south of Route 32 East in Farmington

- 37 Route 67**
Construction of interchange at the St. Francois County Fairgrounds in Park Hills

- 38 Route 67**
Resurface both the northbound and southbound lanes between the Jefferson County line and Route W at Farmington (21.3 miles)
